

*ABSENTEE BALLOT for JULY 19, 2025 Meeting*

At the 2025 annual meeting of the West Virginia Reenactors (WVRA), by a close vote, the decision was made to purchase liability insurance through the National Rifle Association (NRA) for the time period of April 2025-April 2026. This is the same insurance policy we have purchased for the past several years. The cost did not increase this year. It remained \$703 with a mandatory \$40 membership to the NRA

This policy is a simple liability plan. It covers only injury and damages caused by a member. It does not cover any injuries and damages to the WVRA member. It has a deductible.

We face an issue for 2026. If we want to purchase the insurance in 2026, we probably won't have the funds needed without charging an additional fee to those who want insurance. Some members join the WVRA for the insurance. Some members have insurance through other organizations and some feel that their personal insurance will cover any liability. We discussed this issue last summer and did not act. But the Board will not delay the issue any longer. We want to make a decision at the next meeting in July at Beverly Heritage Day.

Current WVRA members, please vote by June 1, 2026

\_\_\_\_\_ Renew liability insurance if funds are available. Indicate below your preference of funding:

\_\_\_\_\_ Pay all from treasury, if treasury funds allow

\_\_\_\_\_ Those choosing insurance pay an additional fee (possibly up to \$40 per membership unit\*\*) with any remaining cost coming from treasury, if treasury funds allow.

\_\_\_\_\_ Discontinue liability insurance
